

NJ MMP PATIENT REGISTRATION STEPS

1

Speak with your physician to confirm you have a condition that qualifies for medicinal cannabis and if this is an appropriate medication for you.

2

Receive a Physician's Recommendation.

You can find a complete list of registered physicians at:
<https://www.nj.gov/health/medicalmarijuana/>

Typically, your physician will initiate the registration for you.

3

Register for an NJMMP Patient Card at <https://njmmp.nj.gov/njmmp/>.

Fill in the Reference Number - located on the Attending Physician Statement or given to you by your physician after they initiate your registration.

Attach all necessary documentation.

4

Complete Payment.

Patients will receive an email informing them of their admission to the NJMMP once registration is complete.

Once all documents have been approved, the State will send a link to complete payment.

Your NJMMP Patient Card will arrive in 7-10 business days.

5

Designate your ATC within the Patient Portal.

Schedule your (phone) consultation.

Each patient in the NJMMP is required to complete a consultation with each ATC in order to begin purchasing there.

Place online order.

Go to the Dispensary.
